# Let's Learn About SPACE!

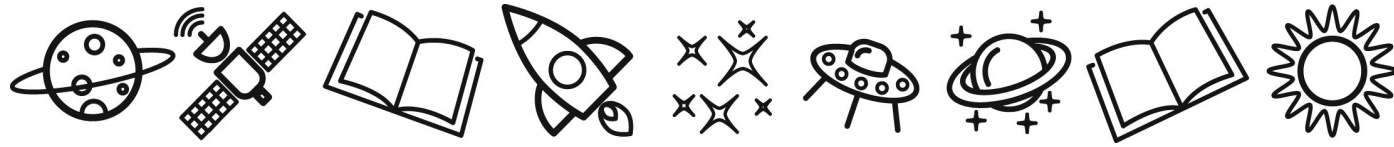

We will have space-themed programs this summer. You can also read on your own and receive prizes for the great work you do. Sign up on the bookmobile or by going to:

[summerquest.fclspa.org](http://summerquest.fclspa.org)

Children and teens will track total minutes spent reading. Adults will track the total number of books read. These logs can be entered on the website above or kept on paper and submitted to bookmobile staff.

You can also earn extra points by coming to storytimes or complete other Summer Quest activities for additional points and chances for prizes.

Children's prizes are earned through reaching set reading objectives. Teen and adult reading results in chances for prize drawings. Prizes will be distributed at the end of the program after August 3, 2019.
